Program Description: DHHS has provided \$0.3 million of funding to be administered by Multicultural Affairs in 2019–20 to support religious organisations to: Record and broadcast their services and prayers on TV, online or on the radio, and provide pastoral care and support over the phone rather than in person.

Product: Digital Engagement for Faith Communities

Product Description: DHHS has provided \$0.3 million of funding to be administered by Multicultural Affairs in 2019–20 to support religious organisations to: Record and broadcast their services and prayers on TV, online or on the radio, and provide pastoral care and support over the phone rather than in person. In response to new restrictions due to COVID-19, faith communities have suspended religious gatherings, activities and services. For people of faith, continuation of these supports is important for their mental health and wellbeing. While some organisations are well resourced to provide these services digitally, others will require additional funding to continue to support their community through digital and remote services.

Program: Aboriginal Economic Broker Grants Program

Program Description: The Aboriginal Economic Development Broker Grants Program is an initiative of the Victorian Aboriginal Economic Board. The aim of the program is to support Aboriginal economic participation and provide further opportunities to advance Aboriginal self-determination. The Grants Program seeks to support this vision by providing funding for up to five Aboriginal Economic Development Broker roles, based within Aboriginal organisations, corporations, Traditional Owner Groups, or registered and incorporated not-for-profits, for a twelve-month period. Aboriginal Economic Development Brokers (Brokers) work to connect Aboriginal communities to emerging economic opportunities. The Brokers engage in place-based work on behalf of the Board, identify barriers facing communities, and provide advice on and create connections between education, employment, business development and procurement opportunities. The Brokers funded through the Grants Program will work within their organisations to support Aboriginal economic development in their community, maximising the Board’s place-based initiatives. The Brokers would also work closely with the Department of Premier and Cabinet’s (DPC) Brokers to further the Board’s initiatives.

Program: First Mortgage and Community Infrastructure Program

Program Description: The First Mortgage and Community Infrastructure Program (FMCIP) will fund up to 59 properties owned by Aboriginal organisations that the Minister for Aboriginal Affairs holds a ‘first mortgage’ over, provided the organisation meets criteria outlined in the Program Guidelines. Organisations can apply for funding to undertake necessary repairs and maintenance, and to develop a feasibility study, in order to prepare them for the removal of first mortgage. Funding under the two categories: Urgent Repairs and Maintenance and First Mortgage Initiative can support the applications for eligible organisations to have their first mortgage removed, although it is not required to seek funding ahead of this. Organisations who satisfy the First Mortgage Readiness Checklist will be eligible for the removal of the first mortgage, subject to assessment by an independent Advisory Panel and Ministerial approval. The FMCIP aims to support improved economic outcomes and to strengthen the sustainability of Aboriginal organisations in line with the principle of self-determination. It will enable more Aboriginal organisations to meet the emerging needs of their communities, such as in education, health and housing. It will also improve the ability of Aboriginal organisations to respond to the ongoing and changing demands in social, economic, legislative and cultural environments.
