

Head, Transport for Victoria – Register of Public Roads

Introduction

This Register of Public Roads has been prepared on behalf of Head, Transport for Victoria by the Department of Transport and Planning. Head, Transport for Victoria (H,TfV) and the Department of Transport and Planning (DTP) are separate entities. H,TfV is the coordinating road authority for Freeways, Arterial Roads and specific Non-Arterial State Roads under the Road Management Act 2004 (RMA) with road management functions, powers and duties in relation to these road types. DTP is not a road authority but is an umbrella agency that employs staff to perform functions, powers and duties required under the RMA on behalf of H,TfV. This Register is made available to the public via publication on the VicRoads website.

The data contained in this register was current as of 30th November 2024.

Structure of this document

This Register of Public Roads is detailed in sections as follows:

- Designated Road Projects and Ministerial Directions
 - Designated Road Projects and Ministerial Directions relating to Designated Road Projects that have been created and are currently in place or have expired.
 - Ministerial Directions unrelated to Designated Road Projects that are currently in place or have expired.
- Governor in Council Exemptions
 - Order in Council made by the Governor specifying exemptions from the operation of the RMA apply to either H,TfV or affect freeways, arterials or non-arterial State roads specified for which H,TfV is the coordinating road authority.
- Other Roads
 - Roads where H,TfV has accepted some current responsibility.
 - Roads where H,TfV previously accepted some responsibility.
- Freeways, Arterial Roads and Non-Arterial State Roads
 - Roads where H,TfV currently has responsibilities as the coordinating road authority.
 - Roads where H,TfV formerly had responsibilities as the coordinating road authority (roads removed from the register).

Further Information

DTP has an interactive mapping application (Map of DTP Roads) on the VicRoads website from which it is possible to view a range of maps of Victoria's road network and which show the Freeways, Arterial Roads and Non-Arterial State Roads for which H,TfV is the coordinating road authority [Map of DTP managed roads - Transport Victoria](#)

For assistance and more information concerning:

- Road issues, report using the VicRoads website [Report a road issue : VicRoads](#) or if it is an emergency call 13 11 70.
- Road classifications, road alignments or boundaries and any plans referenced in the Register of Public Roads, email declarations@transport.vic.gov.au
- Archived copies of the Register of Public Roads, email declarations@transport.vic.gov.au.

Victoria Government Gazette notices referred to in this Register may be searched and viewed online [Victoria Government Gazette: Home](#)
