2025 Mentoring Program

Women in Transport journey map

Clear expectations and commitments are important for supporting successful mentoring relationships and a productive mentoring program.

The WiT Mentoring Program is a six-month commitment.

Mentees and mentors must agree to:

- Notify the WiT Programs Team if your mentoring partner is disengaged
- meet at least once a month
- negotiate meeting locations and time commitments
- ensure that discussions remain confidential
- prepare for meetings and read the program resources provided
- access further support from the program coordinator when required
- keep their contact details up to date via the Mentoring Platform.

It is strongly recommended that you:

 Attend the three main, hybrid events, either online or in person.

Please email queries to

witprograms@levelcrossings.vic.gov.au
