## Locating Fares

This document is produced and distributed electronically. To locate the fares for a particular route, it is suggested that you use the 'Find' (ctrl+F) or 'Search' (ctrl+shift+F) functions in Acrobat Reader to locate it.

# Chapter 1:

## Introduction

# Introduction

This volume contains fares and ticket information for buses in regional Victoria. It does not include metropolitan fares or V/Line fares which are included in the *Victorian Fares and Ticketing Conditions*.

Conditions of travel on regional bus services, including concessions and free travel arrangements, are also detailed in the *Victorian Fares and Ticketing Conditions*.

Concessions and free travel arrangements are standardised across all operators, including regional bus operators.

The contents of this volume set out the ticket conditions and fares that have been determined or approved by the Head, Transport for Victoria for the regional bus services listed in this volume. It includes self-funded services that do not receive a government subsidy but have fares that are approved by the Head, Transport for Victoria.

This volume takes effect from, and including, 1 January 2025.

This document can be downloaded from **[ptv.vic.gov.au](https://ptv.vic.gov.au)**

This document is regularly updated to reflect changes to fares and services. Always make sure the most recent version is being used. The document should be read in conjunction with any updates that have been issued.

# Chapter 2:

## Ticket conditions

# Ticket conditions

Where a ticket type is mentioned in this document, the following rules apply unless an exception is stated. Tickets are only valid on the services of the operator who issued the ticket. This does not apply to paper tickets issued on route C27 Snake Valley via Haddon (Snake Valley On-demand) bus service which are valid on regional bus services within the City of Ballarat. Not all ticket types are available on all services.

## Single

A single ticket allows travel between an origin and a destination for which a fare has been paid.

## 2 hour

A 2 hour ticket allows unlimited travel on bus services for at least two hours. Tickets purchased after 6pm are valid until 3am. A passenger may transfer to any local bus or train service before their ticket expires, even if the journey extends beyond the ticket's expiry time.

## Return

A return ticket allows for a return trip between an origin and a destination for which a fare has been paid.

## Daily

A daily ticket allows unlimited travel on nominated bus services on the day of issue until 3am the next day.

## Weekly

Weekly tickets allow unlimited travel between the origin and destination printed on the ticket for seven consecutive days.

The ticket expires seven days from the start date printed on the ticket. For example, a ticket valid from Tuesday will expire at the end of services for the following Monday (3am on Tuesday).

A weekly ticket used between midnight and 3am must be valid for the previous day.

## Weekend cap

Customers won't pay more than \$7.60 (\$3.80 concession) on weekends and public holidays.

## Monthly

Monthly tickets allow unlimited travel between the origin and destination printed on the ticket, for a month.

The ticket expires one month from the start date printed on the ticket. For example, a ticket valid for travel from 15 June will expire at the end of services for 14 July (3am on 15 July). A ticket first valid for travel on 30 or 31 January or on 1 February will expire on 29 February in a leap year, or on 28 February otherwise.

A monthly ticket used between midnight and 3am must be valid for the previous day.

## Student Passes

Unless otherwise noted, Student passes are only valid on school days, for travel to and from school. Where noted, student passes are also valid on other services.

## Conveyance Allowance Program

The Victorian Government subsidises travel for students in regional areas to their nearest school when travelling more than 4.8 kilometres. Full terms and conditions of the scheme are available from schools. In many cases, student pass fares listed in this document are paid for by the State Government via the Conveyance Allowance Program. The Conveyance Allowance is administered by the Victorian Department of Education and Training.

# **Chapter 3:**

## **Student passes and concession fares on regional buses**

# Victorian and regional student passes

Services operated by, or on behalf of, the Victorian Government are subject to the regional fare cap introduced on 31 March 2023.

Services operated by private operators are not subject to the regional fare cap. These services are indicated in the document by an asterix (\*) after the route name. The fares for these services are determined by the Operator. Customers using services by private operators will pay the operator set fare for their travel on that service (this may be higher than the regional fare cap) and if transferring to a service operated by, or on behalf of, the Victorian Government, the customer will need to pay the additional fare of the subsidised service up to the regional fare cap amount.

The Term price is based on the number of children travelling from the same family. There is a Term price for the 1st child and then a Term price for when 2 or more children are travelling. These fares are indicated in the document by a hashtag (#)

# Chapter 5:

## Inter-town fares

## Barwon region (south west) fare tables

Services operated by, or on behalf of, the Victorian Government are subject to the regional fare cap introduced on 31 March 2023.

**Please note:** Customers that are not entitled to free travel should always pay a fare, even if travelling only a single stop. When a customer travels between non-listed stops within the same town, a single zone fare is charged (\$3.00 for full fare and \$1.50 for concession).

Due to the large number of stops within Victoria, only major stops are listed in fare tables.

## Grampians region (west) fare tables

**Please note:** Customers that are not entitled to free travel should always pay a fare, even if travelling only a single stop. When a customer travels between non-listed stops within the same town, a single zone fare is charged (\$3.00 for full fare and \$1.50 for concession). Due to the large number of stops within Victoria, only major stops are listed in fare tables.

# Loddon Mallee (north) fare tables

**Please note:** Customers that are not entitled to free travel should always pay a fare, even if travelling only a single stop. When a customer travels between non-listed stops within the same town, a single zone fare is charged (\$3.00 for full fare and \$1.50 for concession).  
Due to the large number of stops within Victoria, only major stops are listed in fare tables.

# Hume (north east) fare tables

**Please note:** Customers that are not entitled to free travel should always pay a fare, even if travelling only a single stop. When a customer travels between non-listed stops within the same town, a single zone fare is charged (\$3.00 for full fare and \$1.50 for concession).  
Due to the large number of stops within Victoria, only major stops are listed in fare tables.

# Gippsland (east) fare tables

**Please note:** Customers that are not entitled to free travel should always pay a fare, even if travelling only a single stop. When a customer travels between non-listed stops within the same town, a single zone fare is charged (\$3.00 for full fare and \$1.50 for concession).  
Due to the large number of stops within Victoria, only major stops are listed in fare tables.

# Chapter 6:

## Operator set fare tables

## Grampians region (west) fare tables

Services operated by private operators are not subject to the regional fare cap. All services listed in Chapter 6 are in this category. The fares for these services are determined by the Operator. Customers using services by private operators will pay the operator set fare for their travel on that service (this may be higher than the regional fare cap) and if transferring to a service operated by, or on behalf of, the Victorian Government, the customer will need to pay the additional fare of the subsidised service up to the regional fare cap amount.

**Please note:** Customers that are not entitled to free travel should always pay a fare, even if travelling only a single stop. When a customer travels between non-listed stops within the same town, a single zone fare is charged (\$3.00 for full fare and \$1.50 for concession).

Due to the large number of stops within Victoria, only major stops are listed in fare tables.

# Loddon Mallee (north) fare tables

**Please note:** Customers that are not entitled to free travel should always pay a fare, even if travelling only a single stop. When a customer travels between non-listed stops within the same town, a single zone fare is charged (\$3.00 for full fare and \$1.50 for concession). Due to the large number of stops within Victoria, only major stops are listed in fare tables.
