

Statutory Report

A note from the CEO

As we reflect on the past year, I am proud of the progress we have made and of the significant milestones achieved across the network. From the return of our first billion containers, to the shift in network composition to incorporate a larger Reverse Vending Machine (RVM) presence in 2025, every milestone achieved has moved us further from initial mobilisation towards a streamlined scheme operation built to support Victoria's recycling journey.

In 2024/25, mobilisation demanded speed and agility. It was a time of rapid deployment, establishment of critical infrastructure and development of foundational brand and scheme awareness. Today, we are fully operational and embedded within our communities, with our partners, and across each of our zones.

We have moved from establishing capability to refining and optimising it. Our focus on building scheme awareness and partnerships has lifted visibility, with container return numbers increasing over the last six months. A billion containers were collected between Nov 2023 and Nov 2024. The same number were collected in only eight months between Nov 2024 and July 2025, a testament to the enthusiasm that Victorians have for participation in the scheme.

I am incredibly proud of what we've achieved—and even more excited for what lies ahead. We are no longer building the platform—we are operating on it. And with that, we are better positioned than ever to deliver on our purpose and create lasting value for all our Victorians.

Jim Round, CEO VicReturn

Overview of Report

This report is a summary of Victoria's Container Deposit Scheme (CDS Vic) performance from **1 July 2024 to 30 June 2025**.

It is a collaboration between VicReturn, Network Operators and various Scheme participants.

The report meets the obligations to provide an Annual Statutory Report under the Scheme Coordinator Agreement.

Contents

1.	Scheme Redemption Rate	6
2.	First Suppliers, Network Operators & MRFs	8
3.	Social Benefit	20
4.	Audit & Risk	24
5.	Financial Year Assessment	32

1

Scheme Redemption Rate

The scheme redemption rate was 57% in Q1, 54% in Q2, 70% in Q3 and 69% in Q4.

The annual average redemption for FY25 is 62%, being 45% for Network Operator's and 17% for Material Recovery Facilities (MRFs).

2

First Suppliers, Network Operators & MRFs

Purpose & Objective

The following sections highlight all reporting obligations that VicReturn has in relation to First Suppliers and Network Operators.

First Suppliers

- At 30 June 2025, there were 856 Supply Arrangements in place
- In FY25, First Suppliers contributed a total of \$390.9 million to the Scheme
- A breakdown of the cumulative costs per suitable eligible containers material type can be found on page 11.

Network Operators

- Across all zones, the Network Operators operated a total of 712 sites that were active at some stage throughout FY25:
 - 72 depots
 - 345 Over the Counter (OTC) locations
 - 295 RVMs

The number, type, and names of these locations can be found on pages 12-17. A further breakdown, including zone allocation, is provided in Appendix A - Sites.
- In total 1,309.0m containers were collected weighing a total of 64,030.5 tonnes. A breakdown of this figure, by material type, can be found on page 18
- In aggregate, Network Operators sold 1,282.5m containers, equalling a total of 63,198.2 tonnes of scheme material in FY25.

Material Recovery Facility (MRF)

- As of 30 June 2025, there are a total of 12 Recovery Agreements with Material Recovery Facility Operators (MRFO) and 17 MRFs were paid in FY25.

Scheme Costs paid by First Suppliers

Material Type	Total \$ ¹	Contribution per Container ²	Volume Share (%)
Aluminum	\$178.1m	12.45c	45.9%
Glass	\$63.4m	12.65c	16.1%
PET	\$125.7m	12.59c	32.0%
HDPE	\$2.3m	12.60c	0.6%
LPB	\$20.2m	12.86c	5.0%
Steel	\$0.9m	12.53c	0.2%
Other Plastics	\$0.0m	14.08c	0.0%
Other Material	\$0.3m	12.47c	0.1%
Total	\$390.9m	12.53c	100%

¹ Figures represent the GST Excl. value invoiced (For Total \$)

² The 'Contribution Per Container' is the weighted average of FY25 invoiced values. The First Supplier price increased in Feb-25

Social Benefit

Purpose & Objective

The following section highlights all reporting obligations that VicReturn has in relation to Social Benefit.

Job Creation

- 615.5* jobs have been created as a direct result of CDS Vic.

Community Engagement Outcomes and Scheme Awareness

- The Community and Partnerships Team has delivered a range of relationship building activities, including face-to-face and online engagements. Details of community engagement outcomes and scheme awareness can be found on page 23
- Results from the June 2025 research dip showed that awareness, participation and advocacy was strong.

Refund Amounts Donated to Donation Partners

- 2,856 Donation Partners** received a donation refund during FY25, totaling \$1,531,612.

Reduction in litter

- 71% reduction in eligible container litter since scheme commencement.***

Handling fees totalling 15.6 million have been paid to collection point operators that are charities, communities organisations, social enterprises or other not-for-profits.

*Tomra Cleanaway - 229.5 FTE | Return-it - 109 | Visy - 240 | VicReturn - 37

**The term 'Donation Partner' includes charities, community organisation, schools and other not-for-profit organisations that have registered with VicReturn

*** Source: Victoria's litter audit 2024-25.

Community Engagement and Scheme Awareness

Community Outcomes

64 presentations (online & in person), total audience of 58,001

Built a partner list of more than 150 stakeholder organisations, total audience reach of 11 million

Attendance and activation at 9 major public events, total audience of 2.45 million

32 contracted partnerships with key organisations. 19 multi year agreements to further scheme awareness and education outcomes

Scheme Awareness

95% of Victorians had heard about CDS Vic

78% of Victorians have participated directly or indirectly

78% of Victorians who currently participate said they would likely participate in the future

89% of participants said they would be likely to recommend the Scheme to others

Purpose & Objective

The following sections highlight all reporting obligations that VicReturn has in relation to Audit & Risk Practices.

Governance and Risk Management

- A description of arrangements made by VicReturn in relation to Governance and Risk Management can be found on pages 27 and 28 respectively.

Fraud Management - Fraud and Corruption Control

- The tools that VicReturn has implemented in the prevention, detection and management of fraud can be found on page 29.

Protection of Commercial in Confidence (CIC) & Personal Information (PI) data

- Arrangements made by VicReturn in relation to CIC & PI data can be found on page 31.

Governance Management

VicReturn is governed by a written constitution that:

- outlines VicReturn's purpose;
- authorises the Board of Directors to manage and lead VicReturn; and
- reserves certain decisions for VicReturn's Members (Lion, Asahi Beverages and Coca-Cola Europacific Partners).

As a registered not-for-profit company, VicReturn's constitution and list of Directors are publicly accessible on VicReturn's Australian Charities and Not-for-profits Commission (ACNC) Profile Page. Profiles of each Director are accessible on VicReturn's public website.

The Board's composition is set by the Scheme Coordinator Agreement, including an independent chair and independent Director approved by the State, representatives of small and major beverage suppliers, and gender and diversity targets.

The Board comprises non-executive Directors only and meets on a bi-monthly basis. The Board employs a Chief Executive Officer to manage VicReturn's operations, including employing VicReturn's executive team.

The Board has established a governance framework that is benchmarked against the ACNC's Governance Standards and industry best practice, comprising a Board Charter, Delegation of Authority, Legal Compliance Framework and Risk Management Framework.

Under the Board Charter, Directors must adhere to the highest standards of professional ethics, transparency and integrity.

Risk Management

Risk management plays a critical role in understanding and managing uncertainties and opportunities in the design and operation of the Scheme. This helps the Scheme to safeguard Scheme assets, protect people and the environment, take advantage of opportunities in a controlled way and maintain and build ongoing adoption and trust in the Scheme.

VicReturn oversees the design and implementation of the Scheme Risk Management Framework, in alignment with the International Risk Management Standard (ISO31000: 2018). The Scheme Risk Management Framework is made up of several components designed to effectively manage risk, including the:

- Scheme Risk Management Policy
- VicReturn Risk Appetite Statement
- Scheme and VicReturn strategic and operational risk registers
- Scheme Incident Response Procedure and the VicReturn Business Continuity Plan.
- Allocation of resources and accountabilities for risk management activities throughout the Scheme
- Scheme operational audit program to test and validate scheme processes and controls.

As the Scheme evolves, so have the risks and opportunities both within and outside the operating environment. VicReturn regularly facilitates reviews to reflect the current and future uncertainties that have the potential to impact the Scheme by actively managing and updating the Risk Management Framework and the instruments and work programs that it guides, in consultation with Scheme participants.

Fraud Management - Fraud and Corruption Control

VicReturn is committed to ensuring the integrity of Victoria's Container Deposit Scheme. In collaboration with Scheme Participants, VicReturn maintains a Scheme Fraud and Corruption Control Plan in line with the Australian Standard: Fraud and Corruption Control 8001-2021.

The Scheme Fraud and Corruption Control Plan articulates the approach to preventing, detecting, and responding to the risk of fraud and corruption throughout the Scheme. Key elements of the Plan that exist across the Scheme include:

- Fraud and corruption risk identification and management
- Fraud and corruption training and awareness to key personnel
- Conflict of interest and gifts, benefits and hospitality procedures
- Fraud and corruption whistleblowing and investigation processes
- Data analytics techniques to detect fraudulent transactions.

In our active and ongoing commitment to Scheme integrity, a number of fraud-related incidents relating to container deposits have been identified. These have either been resolved or are currently being investigated.

All participants across the Scheme are committed to preventing, detecting and dealing with any instances of fraud or corruption, regardless of materiality.

Operational Audit Program - Scheme Integrity

VicReturn's Audit function works closely with the Scheme's Risk and Fraud Control function and undertakes a range of audits to provide assurance over the integrity of the Scheme. For the FY25 period, the following categories of audits have been undertaken:

- 607 collection point sites were visited and inspected for general operational functionality, including cleanliness, signage, deposit availability, accessibility, payment types offered
- Network Operator Audits: 12 Network Operator control audits have been performed, covering a combination of both collection points and organisational processes for all three Network Operators. This has been supported by data analysis and multiple 'mystery shop' visits across collection points, resulting in lines of enquiry and investigations
- Material Recovery Facility Audits: The number of MRFs claiming against the Scheme has risen to 55. All MRFs have had their claims audited every quarter since Scheme commencement. On average, assurance is provided over claims worth approximately \$12m each quarter, equating to approximately 120m containers per quarter. A portion of these funds have also been remitted back to Local Government Authorities
- Beverage Manufacturers and Exporters: 40 Beverage Manufacturers and Exporters have been audited
- Other Audits: Other ad-hoc audit engagements have been undertaken to investigate anomalous transactions which have resulted in refunds back into the Scheme.

Data Protection Framework

- VicReturn operates a cyber security posture aligned with the NIST framework and in accordance with Victorian Protective Data Security Standards (VPDSS) and ISMS Essential 8 standards
- VicReturn cyber security posture is assured through continuous proactive monitoring, vulnerability testing and annual audit of data protection controls.

5

Financial Year Assessment

Purpose & Objective

The following sections highlight all reporting obligations that VicReturn has in relation to financial year performance.

Revenue

- FY25 Scheme revenue of \$389.9m is outlined on page 34.

Expenses

- FY24 Scheme expenses can be found on page 35.

Scheme Revenue

All Scheme contributions paid to the Scheme Coordinator under any supply agreement	+	Any interest earned on contributions	+	Other sources of income	=	Total Scheme Revenue
\$388,654,023*		\$1,206,072**		\$0		\$389,860,095

* All values are per VicReturn’s Jun-25 unaudited P&L.
 **Interest on Scheme bank account only, not administration account

Scheme Expenses

Total amount of network fees paid by the Scheme Coordinator to Network Operators	+	Total amount of refunds paid by the Scheme Coordinator to Network Operators	+	Total amount paid by the Scheme Coordinator to Material Recovery Facility operators	+	State Service Fee
\$140,492,007		\$118,999,546		\$43,064,037		\$7,869,069
Container Exports	+	Scheme Administration Fees Expense	+	Other Direct Expenses	=	Total Scheme Expenses*
\$27,191,284		\$31,590,579		\$2,731,313		\$371,937,833

* All values are per VicReturn’s Jun-25 unaudited P&L. The P&L include accruals (estimates) for MRF Fees’ due to timing
